

We at ANGEL GUARDIANS FUNERAL HOME are here to help the bereaved family and friends at this sad time.

The flow chart explains the procedures when a loved one passes away, either at home, hospital or a clinic.

Certainly there may be a slight variation to what is shown, however, it all depends on the individual circumstances.

The main thing is DO NOT PANIC or SIGN ANYTHING you do not understand.

Some funeral homes suddenly appear or telephone to offer their services immediately and urge the bereaved family to sign various documents whilst not fully explaining the content. This I feel is an inappropriate way to liaise with a bereaved family.

We at ANGEL GUARDIANS FUNERAL HOME are on hand 24 hours a day, 7 days a week to assist you through this most difficult time. We will ensure everything is carried out to the family's wishes. We are here to make the process as uncomplicated as possible.

With you and your family we will discuss the arrangements, complete the necessary paperwork and arrange the funeral on your behalf either for burial in Cyprus or repatriation to your home country for burial or cremation

We understand you have just lost a loved one, you are not necessarily thinking straight and will be there to hold your hand and guide you through each step of the way.
